Dear Principal,

Greetings from CMC Limited !

CMC Limited (A **Tata Enterprise**) brings this unique opportunity for your Final Year students to **Launch their Career** on a strong foundation, in the rapidly growing Infrastructure and Construction Industry in India.

CMC in Academic Alliance with **Unitec Institute of Technology, New Zealand** and Industry Partners is offering **Post Graduate Program in Construction Project Management (PGPCPM)**, a nine month Career Program followed by four months paid internship in construction / infrastructure companies in India.

Some other benefits of the program are:

- Final Year students can pursue the program along with their engineering studies
- Pathway to **Masters in Applied Practice, Unitec, New Zealand** - *A pathway for Post Graduate students in Construction Project Management*
- **Global Academic Standard** - Latest Curriculum designed in academic alliance with Unitec Institute of Technology, New Zealand. Program Quality Assurance and monitoring by Unitec
- **Live Industry Experience** - Student visit live construction sites as part of the practical experience
- **Global & Expert Faculty** - Faculty with extensive Industry Experience. Special sessions by expert faculty from Unitec, New Zealand and Guest Speakers from the Construction Industry
- Placement Assistance to all students

**Who can apply:** B.E, B Tech, Diploma (Civil/Mechanical/Electrical) Final year (2015) students and 2013/14 passed outs.

**About CMC Limited-** CMC is India's leading System Engineering and Integration organization and one of the leaders in Job Enabling vocational education. Through its flagship programs, CMC assures students paid work experience on successful completion of the program.

**About Unitec** - Unitec is New Zealand's largest Institute of Technology, with more than 23,000 students studying over 150 work-oriented programmes. Unitec is committed to the delivery of vocational and applied education and practically orientated research. <http://www.unitec.ac.nz/about-us/our-partnerships/global>

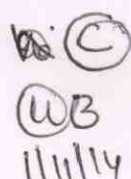

In this context we would like to deliver a presentation in your college for the present 3rd & final yr students of Civil/Mechanical to Enlighten and uplift their career to a "Project Engineer" level.

So request you to revert back to us with your available date for conducting this presentation in your premises. For further queries kindly call Mr. Manoj – 08888816161 (or) Mr. Devanand - 09500127260

**Thanks & Regards,**

**Arun Varma**
