

Gandhinagar Institute of Technology

Circular

Sub: Evaluation of M component

Date: 22/06/2015

GTU new syllabus:

All the students of BE Semester 1, 3 and 5 of the Institute are hereby inform that, for the current semester (Odd 2015-16), Continuous Evolution component ('M' component) of 30 marks for all concerned subjects will be evaluated by conducting a class test of 20 marks and ALA of 10 marks. All the students will be allowed to appear in second class test of 20 marks which will be considered as remedial for those who secured less than passing marks after first class test and ALA. Best of the marks obtained from the two class test will be considered for those who will secure more than passing marks in first class test. Accordingly marks will be forwarded to the Gujarat Technological University. Remedial examination of 'M' component will be conducted by taking one test of 20 marks and ALA of 10 marks for all the students who have failed in 'M' component till last semester. The syllabus will be the same as that of GTU. Detail time table of the examination will be displayed on institute website.

GTU old syllabus:

All the students of BE Semester 7 of the Institute are hereby inform that for the current semester (Odd 2015-16), Continuous Evolution component ('M' component) of 30 marks for all concerned subjects will be evaluated by conducting a class test of 30 marks. All the students will be allowed to appear in second class test which will be considered as remedial for those who secured less than passing marks in first class test. Best of the marks obtained from the two class test will be considered for those who will secure more than passing marks in first class test. Accordingly marks will be forwarded to the Gujarat Technological University. Separate Remedial examination of 30 marks will be conducted for all the students who have failed in 'M' component till last semester. The syllabus will be the same as that of GTU. Detail time table of the examination will be displayed on institute website.

All the students are advised to regularly browse the institute website: www.git.org.in
