Message from Shri Hareshbhai Rohera

I am happy to learn that GIT is publishing yet another issue of “GIT - A Song of Technocrat”. In this age of highly competitive globalization, the higher education, particularly technical and management education, has assumed newer dimensions.

When global competition is upon us, we must offer quality education and training to our youngsters to keep up and keep pace with the best and the brightest in the world. Keeping this in mind Platinum Foundation is offering the best possible technical as well as management education.

It is heartening to note that over a span of 4 years GIT has become one of the premier engineering colleges in Gujarat. But the path toward excellence is never ending. Therefore, our collective efforts should direct towards all round improvement of GIT in all the frontiers of modern technical and management education.

We also see that technological advances and research outputs should be beneficial to all human beings and to the society at large. I convey my blessings and best wishes to one and all members of GIT family. I also congratulate the members of the editorial board of “GIT - A Song of Technocrat”.

ગાંધીનગર ઈન્સ્ટીટ્યુટ ઓફ ટેકનોલોજીનાં ચોથા સ્મૃતિગ્રંથની પ્રસિધ્ધિ આપણી સંસ્થા માટે અને ખાસ કરીને મારા માટે અનોખું રત્ન બન્યું છે. કારણકે, આ વર્ષે આપણી સંસ્થાનાં એન્જિનીયરીંગ તેમજ એમ.બી.એ. એમ બન્ને શાખાનાં વિદ્યાર્થી/વિદ્યાર્થીનીઓની દ્વિતીય બેચ સફળ થઈને બહાર પડી રહી છે. આ પ્રસંગ આપણી સંસ્થાના ઇતિહાસ માટે શિરમોર સમો થઈ ગયો છે.

સંસ્થામાંથી સફળ થઈને આપણા વિદ્યાર્થી/વિદ્યાર્થીનીઓ પોતાની કારકિર્દી સાથે આપણી કોલેજનું નામ પણ રોશન કરવા જઈ રહ્યા છે, તથા સાથે સાથે આપણી સંસ્થાના આવનારા વિદ્યાર્થીઓ માટે તાલીમ અને નિમણૂક માટેનું માળખું બનાવવા જઈ રહ્યા છે. હું સાચા હૃદયથી તેમને મારી શુભેચ્છાઓ પાઠવું છું, અને તેમની ઝળહળતી કારકિર્દી માટે પ્રભુને પ્રાર્થના કરું છું.

આપણી સંસ્થાએ આ શૈક્ષિક સત્રથી વિદ્યાર્થીઓ માટે “કેમ્પસ પ્લેસમેન્ટ માટેનાં પ્રયત્નો શરૂ કરી દીધા છે અને ભગવાનની અસીમ કૃપાથી ઘણી કંપનીઓએ આપણા વિદ્યાર્થી માત્રોનાં “ડેટાશીટ” માં રસ ધરાવ્યો છે અને સંસ્થામાં “કેમ્પસ પ્લેસમેન્ટ” માટે આવવાની સંમતી પણ આપી છે. આમાની ઘણી કંપનીઓ આપણા કેમ્પસમાં અવી પણ ગઈ છે અને વિદ્યાર્થી મીત્રોની પસંદગી પણ કરી છે, અને બીજી અનેક કંપનીઓ આપણી સંસ્થામાં આવતી રહેશે તેવી મને ખાતરી છે. આવા સિમાસ્થંભ જેવા ભગીરથ કાર્ય માટે આપણી સંસ્થાનાં વડા શ્રી એન. એમ. ભટ્ટ સાહેબ તેમજ પ્લેસમેન્ટ કો-ઓર્ડીનેટર તેમજ કમિટીનાં સભ્યોના પ્રયત્નોને હું બિરદાવું છું.

આ સ્મૃતિગ્રંથ શૈક્ષણિક સિધ્ધિઓ સાથે રમતગમત ક્ષેત્ર મળેલી સિધ્ધિઓ પણ વર્ણવે છે. આ તમામ પ્રગતીનો શ્રેય આપણી સંસ્થાનાં વડા ડા. એન એમ ભટ્ટ સાહેબ અને તેમની ટીમને જાય છે એનો ઉલ્લેખ તો કરવોજ રહ્યો. આ માટે ભટ્ટ સાહેબ અને અધ્યાપક મિત્રોને મારા ખુબ ખુબ અભિનંદન.

આ તમામ સફળતા આપણી સંસ્થાના વડા ડા. ભટ્ટ સાહેબનાં ઉત્સાહ, અવિરત પ્રયત્નો અને દરેક બાબત માટેનાં હકારાત્મક અભિગમને જ આભારી છે. એમનાં વડપણ હેઠળ આપણી સંસ્થા વધુ ને વધુ સિધ્ધિનાં સોપાનો ચઢતી રહેશે એમાં કોઈપણ જાતની શંકાને સ્થાન નથી. સંસ્થાનાં વિદ્યાર્થીઓ અભ્યાસમાં અને જીવનનાં તમામ ક્ષેત્રોમાં નોંધનિય કારકિર્દી બનાવે તેવા મારા અંતરનાં આશિર્વાદ છે.

આ સંસ્થાનાં તમામ શૈક્ષણિક તેમજ બિન શૈક્ષણિક સ્ટાફનાં સભ્યોએ વિદ્યાર્થીઓના સર્વાંગી વિકાસ માટે અમુલ્ય ફાળો આપ્યો છે એ માટે તમામને પ્લેટિનમ ટ્રસ્ટ તરફથી ખુબ ખુબ અભિનંદન.

Director's Message

It gives me immense pleasure that the fourth issue of our Annual magazine called 'GIT – A Song of Technocrats' is being published for fourth successive year. The magazine contains details about Institute Administration, Reports of various Curricular, Co-Curricular and Extra-Curricular activities, Details about Seminars, Workshops and Training conducted by the Institute and attended by the faculty members, and technical/non technical articles submitted by students and staff members of the Institute. The issue is a result of imaginative and expressive skill and talent of GIT family.

During a short span of five years, GIT has accomplished the mission effectively for which it was established. Institute has been constantly achieving the glory of excellence in the field of curricular, co-curricular and extra-curricular activities. During the year institute has organized Robotics workshop in association with Star Robotics, Linux and Networking workshop in collaboration with Metrobit Network Pvt. Ltd., CAD/CAM and Nastran workshop in association with Khodiyar CAD Center for its students. The institute has also successfully organized Debate Competition, Rangoli Competition, Ratri B4 Navaratri, and Sports activities. Students have also participated and won prizes in various sports event organized by other Institutions including that of GTU. Students of the institutes won prizes in many technical symposiums organized at various engineering colleges of Gujarat. Institute has organized many industrial visits and expert lectures for the students for supplementing the class room teaching. I am extremely happy to mention that throughout the year the faculty members have worked very hard to achieve all kinds of curricular, co-curricular and extra-curricular activities.

The Institute also emphasis on academic development of its faculty members. During the year, **8** International and **10** National papers were presented by the faculty members at various conferences organized across the India. The faculty members were also deputed to attend total **116** seminars/workshops/training programs/symposiums. The institute has organized many state level seminars and workshops on current trends of Engineering and Management. HR workshop by Metrobit Network Pvt. Ltd. and CAD/CAM/CAE workshop by Khodiyar CAD Center and AutoCAD 2011 Professional Certificate examination by Auto Desk are few of them. ISTE approved STTP on 'Global Warming Mitigation through Renewable Energy and Energy Conservation' and 'Emerging Trends in Software Engineering' will be organized during 23 - 27 May 2011 for the faculty members of Technical Institutions.

Successful organization of extra and co-curricular activities of such magnitude in not possible without whole hearted support of committed and experienced Trustees of Platinum Foundation Mr. Hareshbhai Rohera, Mr. Ghanshyambhai Thakkar, Mr. Deepakbhai Ravani, Mr. Pravinbhai Shah and Smt. Varshaben M. Pandhi. I take an opportunity to express my deep feelings of gratitude to all the trustees of Platinum Foundation and Mr. Mahendrabhai Pandhi, member of Governing body of the trust for their constant support and motivation.

It's my privileged to compliment the staff members and the students for showing high level of liveliness throughout the year. I also congratulate the team of the 'GIT- A Song of Technocrat' for their untiring effort to bring out this fourth issue of the annual magazine.

Message from Editors

It gives me immense pleasure to be editor of GIT- “A Song of Technocrat”, the third college annual magazine.

GIT offered a meaningful platform for students and faculties to show their creative, imaginative, expressive, novel ideas and hidden talents. The content of magazine gives clear idea about college activities and various achievements of students and faculties.

GIT has been prepared by efficient teamwork and hard efforts of students, staff and coordinators.

I am thankful to our Managing Trustees Mr. Harishbhai Rohera, Prof. Ghanshyambhai Thakker and our beloved director Dr. N. M. Bhatt for their constant guidance, encouragement, support and help in releasing GIT.

Orientation Report

A report of Orientation program for the Students of BE semester I (2010-11)

With an objective of smooth induction in to the new environment of GIT, an Orientation program was scheduled on 3rd August 2010 for newly admitted students of BE semester I. For better interaction, students were divided in two groups. Students of Computer Engineering and Information Technology comprised first group and that of Mechanical Engineering, Electronics and Communication Engineering and Civil Engineering comprised the other one. The orientation program was scheduled in two parallel tracks as per details given below.

Time	Group – A, B, C Computer Engineering Information Technology	Group – E, F, G, H Mechanical Engineering, Electronics & Comm. Engg., Civil Engineering
9.15 am onwards	Presentation by Director, Coordinator CE/IT, GTU coordinator, Training and Placement Officer and Librarian Question – Answer Session (A105, Seminar Hall)	Distribution of Time Table, Important Instructions, Visit of the College in sub-groups Group E: A205 Group F: A206 Group G: A207 Group H: A208

1.00 pm onwards	Distribution of Time Table, Important Instructions, Visit of the College in sub-groups Group A: A205 Group B: A206 Group C: A207	Presentation by Director, Coordinator ME, EC, CL, GTU coordinator, Training and Placement Officer and Librarian Question – Answer Session (A105, Seminar Hall)

During the orientation program, presentations were given by the Director, all HODs, GTU coordinator, Training and Placement officer and Librarian. Director gave glimpse of the Institute which includes information about Trustees, Governing Body, Institute rules and regulation, various facilities etc. HODs gave detailed information about respective departments. Teaching and examination scheme of GTU was presented by GTU coordinator of the institute. Information about training and placement activities was given by Training and Placement officer. GIT has rich library resources. Detailed information about the same was given by Librarian. The sessions were very interactive and students highly appreciated the program.

Report of Resource Centre – GIT (2010-2011)

Introduction

Any college's intellectual development purely depends on its library resources. Fully air-conditioned Resource Centre (RC) of the Institute has a variety of resources including text books, reference books, journals Print & Electronics, CDs, magazines, news papers, etc. The RC, with state of the art facilities, also contains books on general soft skills, personality development, social development, managerial skills and others. Hence the RC provides all the resources required for all-round development of students which is the mission of the Institute. The major objective of the RC is to provide services like reference and consultation, membership and circulation, document delivery, resource sharing, information alert service, book bank for needy students, extra books facility for meritorious students, user awareness programs, and ICT-enabled web-based services.

Collection Development and Management

RC collection comprising of books, journals, reports and other reading material in Science, Engineering, Technology, Humanities, Social sciences and Management. During current academic year more than Rs 3 lacs have been spent for maintaining and updating the collection with new knowledge resources. The total collection of RC as on 31st March 2011 stands as follows:

Collection	Titles Added during 2010 -2011	Total as on 31st March 2011
Books (Technical)	207	10052
Books (General)	36	804
Books (MBA)	52	2787
CDs/DVDs	182	1355
Journals/Magazines	E-journals of J-Gate Engg. & Tech. (JET)	73

Monthly alert is being sent to all the faculty members about new arrivals. An email alert is also sent to the faculty member(s) about the arrival of publications requested by them. Special care is being taken to neatly maintain the Resource Centre stacks to facilitate users to locate the desired resource quickly, and worn out labels were immediately replaced.

Automation

RC is fully automated. Every function of the RC has been operated by the software "SOUL 2.0". The OPAC (Online Public Access Catalogue) is one of the most heavily used functions of the software and is accessible during RC hours through PCs. Besides listing all the documents available in the RC, it allows reservation, circulation, fine collection, and indicates status of a particular book. OPAC is searchable by author, title, accession number, subject and several other fields.

Resource Centre Homepage

RC Homepage, which is under construction, will provide a single window to all the resources and services of RC. It will allow to:

- Search/Browse the material in RC (Search OPAC)
- Check the materials borrowed by a user and their due date
- Access E-Resources (books, journals, theses, databases and multimedia products)
- Download library membership form, Book suggestion form, RC guide
- Locate RC material
- Ask the librarian, to know more like Suggestions, Complaints & Queries.

Resource Centre Services

The RC aims to provide wide and efficient access to the needed information in a service-rich environment to all its users. It offers a package of high quality, user focused services to support the research, teaching and learning endeavors of faculty, students and staff.

- (1) **Reference, Consultation & Circulation:** Reference service helps users to make full use of resources and services. It provides necessary assistance to users in locating information or document of their choice. There are more than 100 reference documents which includes Dictionary, Encyclopedias, yearbooks etc. Approximately 150 documents are circulated daily which includes books, Magazines, Journals, CDs and DVDs. It is open from 9:00 am to 4:00 pm on all working days.
- (2) **Book Bank:** The Book Bank facility helps the socially and economically weaker students. The collection consists of the prescribed text books for undergraduate courses which are loaned to these students for complete semester. During the year 12 students availed this facility and borrowed approximately 72 books from this collection.
- (3) **Information Alert Services:** Alerts for new arrivals, arrival of requested resources, details of forthcoming national and international events are regularly sent to the staff members of the institute.
- (4) **Library Orientation:** Users education is an important regular activity of the RC to inform, alert, educate and train users about various resources and services of the RC. An orientation program was organized for newly admitted students
- (5) **Inter Library Loan:** Inter Library Loan facility plays very important role in research as well as paper presentation for the students and staff. Under this service the document which is not available in RC is made available for the consultation by borrowing the same from other organization or Institution.
- (6) **Reprography:** Photocopying service is one of important services offered by RC.
- (7) **E-resources:** Electronic journals have been subscribed which contains around 5700 bibliographic journals, 1500 full text journals and few open source electronic journals.

During the last academic year, 63 books are donated by Prof. V. L. Patel, Ex-Professor, Nirma University and 17 books are gifted by Dr N M Bhatt, Director of the institute and one book is gifted by Mr. Ruchir Parikh, Lecturer of the Institute.

Cricket (Faculty)

Four teams, Mechanical, C.E. + I.T., Rest of G.I.T. (Elect + Maths + E.C. + Civil), Admin, participated whole heartedly.

Dr N M Bhatt, Director, motivated and inspired the faculties of G.I.T. to participate and enjoy the every sports event by himself playing in the cricket match against Rest of G.I.T. He took 2 crucial wickets in that match.

Winners of M.E. v/s C.E. + I.T. and Rest of G.I.T v/s Admin were C.E. + I.T. and Admin respectively.

Final of faculty was played on 26th Feb., 2011, Saturday between C.E. + I.T. v/s Admin. C.E. + I.T. made 117 runs in their 20 overs, while Admin made 99 runs in their 20 overs. Dushyant Rathod was declared man of the match for his match winning 35 runs knock.

It is a matter of immense pride for me to organize Annual Sport events for the 4th year in continuity under the guidance of director **Dr N M Bhatt** and with the help of sports committee members and other teaching and non teaching staff. I would like to appreciate the efforts put in by sports committee members and **G.S., A.G.S., L.R.** and **S.S.** and would like to congratulate them for the success of annual sports events this year. This year's sports activities are bit more special as from this year we have started organizing sports activates for employees of G.T.T. also. I thank employees of G.I.T. for participating in annual sports events so wholeheartedly. I thank each and everyone who is associated with G.I.T. and has made even a little bit contribution for making this year's event successful. If in this entire report, we forget to mention anybody , staff or student , who has worked for this event , it is purely unintentional and I ask for an apology.

Annual Report of Social Activities

Report on Blood Donation Drive @ G I T

Gandhinagar Institute of Technology (GIT) has been in the field of Engineering and Management Education for more than a half decade with a mission of providing best education and overall grooming of the budding engineers and managers. Led by young and enthusiastic Director, Dr. N M Bhatt, an IITB alumnus, GIT is constantly helping the society by doing various social activities round the year.

On 25-04-2011 Monday, a Blood Donation Drive, in association with Prathma Blood Bank; Ahmadabad was organized at GIT. Total one hundred and thirty (130) bottles of blood were collected during the drive. The Prathma people were more than happy to collect such a pretty number during this hot summer time.

Once again GIT proved itself a helping hand to the society.

Graphics Processing Unit

A **graphics processing unit** or **GPU** (also occasionally called **visual processing unit** or **VPU**) is a dedicated graphics rendering device for a personal computer, workstation, or game console. Modern GPUs are very efficient at manipulating and displaying computer graphics, and their highly parallel structure makes them more effective than general-purpose CPUs for a range of complex algorithms. A GPU can sit on top of a video card, or it can be integrated directly into the motherboard.

The technical definition:- "A single chip processor with integrated transform, lighting, triangle setup/clipping, and rendering engines that is capable of processing a minimum of 10 million polygons per second". A GPU implements a number of graphics primitive operations in a way that makes running them much faster than drawing directly to the screen with the host CPU. The most common operations for early 2D computer graphics include the BitBLT operation (combines several bitmap patterns using a RasterOp), usually in special hardware called a "*blitter*", and operations for drawing rectangles, triangles circles, and arcs. Modern GPUs also have support for 3D computer graphics, and typically include digital video-related functions.

Fig. 1. GPU

GPU can be viewed as stream processor. A GPU can sit on top of a video card, or it can be integrated directly into the motherboard through AGP or PCI slot.

In 1980,The Commodore Amiga was the first mass-market computer to include a blitter in its video hardware, and IBM's 8514 graphics system was one of the first PC video cards to implement 2D primitives in hardware. By the early 1990s, the rise of Microsoft Windows sparked a surge of interest in high-speed, high-resolution 2D bitmapped graphics (which had previously

been the domain of Unix workstations and the Apple Macintosh). For the PC market, the dominance of Windows meant PC graphics vendors could now focus development effort on a single programming interface, Graphics Device Interface (GDI).

Direct3D 5.0 was the first version of the burgeoning API to really dominate the gaming market and stomp out many of the hardware-specific interfaces. With the advent of the OpenGL API and similar functionality in DirectX, GPUs added programmable shading to their capabilities. Each pixel could now be processed by a short program that could include additional image textures as inputs, and each geometric vertex could likewise be processed by a short program before it was projected onto the screen. NVIDIA was first to produce a chip capable of programmable shading, the *GeForce 3* (core named NV20).

Today, parallel GPUs have begun making computational inroads against the CPU, and a subfield of research, dubbed GPGPU for *General Purpose Computing on GPU*, has found its way into fields as diverse as oil exploration, scientific image processing, and even stock options pricing determination. There is increased pressure on GPU manufacturers from "GPGPU users" to improve hardware design, usually focusing on adding more flexibility to the programming model. The current dominators of the market are **AMD** (manufacturers of the ATI Radeon graphics chip line) and **NVIDIA** (manufacturers of the NVIDIA Geforce and NVIDIA Quadro graphics chip line.)

1.3 Example:- GeForce 7800 (created 2005)

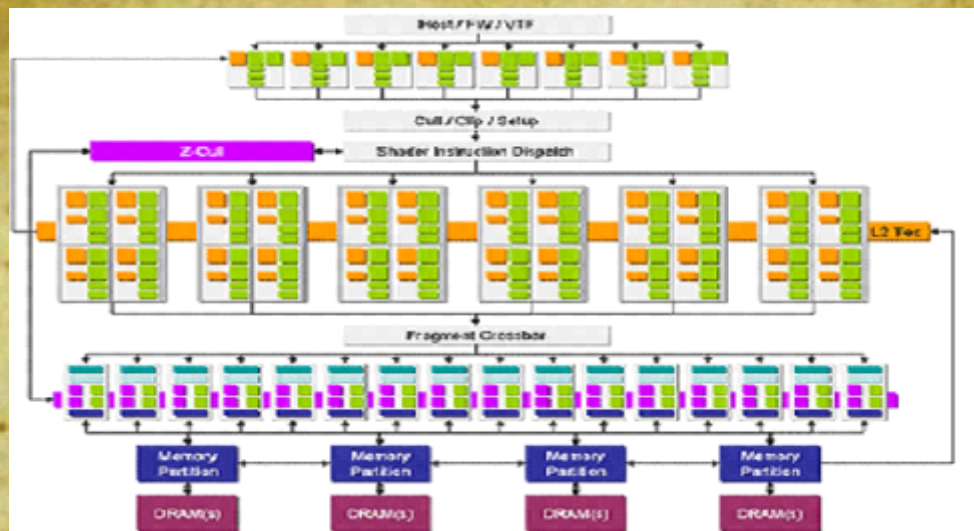

Fig2. Architecture of GeForce 7800

Core clock - Up to 550 Mhz

Memory clock- Up to 1700 Mhz

Memory bandwidth:- 54.4 GB/s Pixel/s, Up to 8800 Million

Key features of GeForce 9600 GT

- Resolutions up to 2560 X 1600 allow for extreme HD gaming
- PureVideo HD technology provides a premium HD DVD or Blu-ray movie viewing
- HybridPower technology offers exceptional graphics performance and power savings for everyday needs
- SLI technology and PCIe 2.0 compatibility guarantee amazing performance scaling and ultra fast data transfers

અંતરની આંખે જોઈ લેજે એકવાર . . .

ઈશ્વર બેઠો છે તારા અંતરમાં,

અંતરની પાખે ઉડી લેજે એકવાર . . .

ઈશ્વર વિચરે છે પ્રેમનાં આકાશમાં,

અંતરના અજવાળામાં દેખાયો,

એ ઈશ્વર એકવાર એમ,

તરત એણે મને પુછ્યું વળી એમ . . .

“શોધે શાને લોકો મને બહાર આમ તેમ?”

અંતરનાં અવાજમાં સંભળાયો,

એ ઈશ્વરનો અવાજ એમ . . .

શીદને હારે હિંમત તુ જીવનમાં?

હું તો રહું છું તારી જ અંદરને બહાર . . .

પવન સ્પર્શે છે લીલા છોડને જેમ . . .

અંતરનાં ઊડાણમાં અનુભવાયો

એ ઈશ્વર એક વાર એમ . . .

તરત એણે મને કહ્યું છેલ્લે એમ . . .

“શ્વાસ બનીને તારાજ હૃદયમાં શ્વસુ છું,

કંઠ બનીને વેણમાં તારા વસુ છું,

દુર કેમ, કેવી રીતે કરીશ મને તુ?

હું ને ક્ષત હું જ તારા

એક-એક રક્તકણમાં વહું છું. . .

MOTHER

My mom only had one eye. I hated her... She was such an embarrassment...

She cooked for students and teachers to support the family.

There was this one day during elementary school where my mom came to say hello to me. I was so embarrassed. How could she do this to me??

I ignored her, threw her a hateful look and ran out.

The next day at school one of my classmates said, "Hey, your mom only has one eye!!"

I wanted to bury myself. I also wanted my mom to just disappear. I confronted her that day and said, "If you are only gonna make me a laughing stock, why don't you just die?"

My mom did not respond.....

I didn't even stop to think for a second about what I had said, because I was full of anger. I was oblivious to her feelings. I wanted out of that house, and have nothing to do with her.

So I studied real hard, got a chance to go abroad to study. Then I got married. I bought a house of my own. I was happy with my life, my kids and the comforts, then one day; my mother came to visit me. She hadn't seen me in years and she didn't even meet her grandchildren.

When she stood by the door, my children laughed at her, and I yelled at her for coming over uninvited. I screamed at her, 'how dare you come to my house and scare my children!'

GET OUT OF HERE! NOW!!!'

And to this, my mother quietly answered, 'oh! I am sorry. I may have gotten the wrong address,' and she disappeared out of sight.

One day, a letter regarding a school reunion came to my house. So I lied to my wife that I was going on a business trip. After the reunion, I went to the old shack just out of curiosity. My neighbors said that she died. I didn't shed a single tear.

They handed me a letter that she had wanted me to have.

"My dearest son,

I think of you all the time. I am sorry that I came to your house and scared your children.

I was so glad when I heard you were coming the reunion. But I may not be able to even get out of bed to see you.

I am sorry that I was a constant embarrassment to you when you were growing up. You see..... when you were very little, you got into an accident, and lost your eye.

As a mother, I couldn't stand watching you having to grow up with one eye. So I gave you mine.

I was so proud of my son who was seeing a whole new world for me, in my place, with that eye.

With all my love to you,

Your Mother.

Always tell someone that you love them because you never know what day will be their last, or your own.

Always seek to resolve your problems or disagreements with loved ones. Because if either of you should pass on before, the one who is left alive will have the rest of their life to ponder those unresolved feelings but will never find closure. And closure usually brings Peace....

Importance of Communication Skill

While there are many skills that are necessary for success, communication skills are among the most important. Your communication skills can make or break your career. If you are good at communicating, there is a good chance that you will quickly advance in your career. On the other hand, if you are bad at communicating then it would be difficult for you to move higher in your career.

Unlike many other skills, communications skills can be used in virtually every field. Wherever you work, you always need to communicate with others. There is no job in this world in which you don't need to communicate with other people. Whether you are a teacher, a driver, a designer, or anything else, communication is an indispensable part of what you do. The good thing about this is your effort on improving your communication skills will definitely be fruitful since you can always use those skills. Communication skills will always be relevant though you switch to new careers.

The essence of communication is to understand and be understood. It is not as simple as it sounds. There are many occasions in which people fail to understand each other even if they come from similar background. Different points of view and personalities can cause them to see things differently and therefore misunderstand each other. There are countless problems that occur from misunderstanding in the workplace. If only people work to improve their communication skills, such misunderstanding can be minimized so that they can work in a mutually beneficial way.

Misunderstanding is just one problem though. Another problem related to lack of communication skills is the inability to market yourself. In this competitive era you need to be able to market yourself. Even if you have great value, people would not notice if you can't market yourself. You need to communicate your value to other people. When you have an idea, you need to convince others about the value of your idea. When you have an opinion, you need to convince others by communicating your arguments. Communication skills play an important role here.

For the reasons above, you need to start working on your communication skills. Learn to express your thoughts in different forms. Learn to understand what other people are saying not only through their spoken words but also through their body language. Learn to understand and be understood. Just like any other investments, it takes time before you can reap the results of your effort. But it's an investment that will definitely be rewarding.

THE GRAMMAR FAMILY

There is a family in England whose surname is **GRAMMAR**

The head of the family is **Mr.NOUN** and the mistress of the family is **Mrs. VERB**.

The couple had 5 children – One son and two daughters. The son is called **PRONOUN** and he does all the work in the absence of his father.

The two little daughters are **MISS ADJECTIVE** and **MISS ADVERB**. They love each other but there is a great difference between them.

MISS ADJECTIVE loves her father **Mr.NOUN** and elder brother **PRONOUN**. She goes on praising them and is busy in telling their qualification.

ADVERB on the other hand loves her mother **Mrs. VERB** and she always modifies her where there is need.

There are two servants in the family of which the chief one is **PREPOSITION**. The other servant **CONJUNCTION** is the family servant. He looks after every member of the house whenever **Mrs. VERB** tells him to carry her husband's Tiffin or to fetch the children he has to do it. There is also a relative of the family who joins them in time of joy or sorrow and it is **Mr. INTERJECTION**.

THE GRAMMAR FAMILY happily lives in a house that is called
"PARTS OF SPEECH."

  **Engineer's Valentine Poem**  

I was alone and all was dark
Beneath me and above
My life was full of volts and amps
But not the spark of love

But now that you are here with me
My heart is overjoyed
You turn the square of my heart
Into a sinusoid

You load things from my memory
Onto my system's bus
My life was once assembly code
Now it's C++

I love the way you solder things
My circuits you can fix
The voltage across your diode is
much more than just point six

With your amps and resistors
You have built my integrator
I cannot survive without you
You are my function generator

You have charged my life, increased
my gain,
And made my maths discreet
And now I'll end my poem here
Control, Alt, and Delete

Equations!

-----Equation 1-----

Human = eat + sleep + work + enjoy

Donkey = eat + sleep

Therefore:

Human = Donkey + Work + enjoy

Therefore:

Human-enjoy = Donkey + Work

In other words,

A Human that doesn't know how to enjoy = Donkey that works.

-----Equation 2-----

Man = eat + sleep + earn money

Donkey = eat + sleep

Therefore:

Man = Donkey + earn money

Therefore:

Man-earn money = Donkey

In other words

Man who doesn't earn money = Donkey

-----Equation 3-----

Woman = eat + sleep + spend

Donkey = eat + sleep

Therefore:

Woman = Donkey + spend

Woman - spend = Donkey

In other words,

Woman who doesn't spend = Donkey

=====To Conclude=====

From Equation 2 and Equation 3

Man who doesn't earn money = Woman who doesn't spend

So Man earns money not to let woman become a donkey!

And a woman spends not to let the man become a donkey!

So, We have:

Man + Woman = Donkey + earn money + Donkey + Spend money

Therefore from postulates 1 and 2, we can conclude

Man + Woman = 2 Donkeys that live happily together!

સમોસાની નાનકડી પ્લેટ પરથી મોટા પીત્ઝા કે બર્ગર આવી ગયા,
પણ ,ખાવાની ભૂખ કેમ ઘટી ગઈ?
રાત્રે ઓફીસમાં બેઠોબેઠો વિચારી રહ્યો છું કે,
એક નોકરીથી જિંદગીમાં કેવો વળાંક આવી ગયો!
કાયમ રીઝર્વમાં રહેતી બાઈકની પેટ્રોલટાંકી આજકાલ ફૂલ થઈ ગઈ
પણ ,ફરવાની જગ્યાઓ કેમ ખૂટી પડી?
યાની કીટલીનું સ્થાન કાફી કોફી કે એ લઈ લીધું
પણ ,તે પહોંચતી બહાર કેમ થઈ ગઈ?
મોબાઈલનું પ્રિ-પીઈડ કાર્ડ હવે પોસ્ટપેઈડ થઈ ગયું
પણ ,કોલની સંખ્યા ઘટીને એસએમએસની સંખ્યા વધી કેમ ગઈ?
રાત્રે ઓફીસમાં બેઠોબેઠો વિચારી રહ્યો છું કે,
એક નોકરીથી જિંદગીમાં કેવો વળાંક આવી ગયો!
જનરલ ડબ્બાની મુસાફરીનું સ્થાન હવાઈ મુસાફરીએ લઈ લીધું
પણ ,એંજોયમેંટ માટેના વેકેશન કેમ ઓછા થઈ ગયા?
એસેમ્બલ કરેલા પીસીનું સ્થાન આધુનિક લેપટોપે લઈ લીધું
પણ ,તેના પર બેસવાનો સમય ઘટી કેમ ગયો?
કોલેજના મિત્રોની ટોળીનું સ્થાન ઓફીસના સહ કર્મચારીએ લઈ લીધું
પણ ,શા માટે એકલતા અને તે મિત્રોની ખોટ સાલે છે?
રાત્રે ઓફીસમાં બેઠોબેઠો વિચારી રહ્યો છું કે,
એક નોકરીથી જિંદગીમાં કેવો વળાંક આવી ગયો!
