Gandhinagar Institute of Technology

A Report on

"Webinar on AutoML"

by Mr. Utpal Patel(CEO of K2Ai Analytics company)

(13th April, 2020)

Objective:

GIT is devoted to providing the knowledge of latest tools and technologies to their students and faculties. In this lockdown IT department of GIT has knocked down the window of knowledge. Machine Learning is a very popular buzzword. In order to educate faculties for trending machine learning tools, one day seminar was organized on AutoML tool by Mr. Utpal Patel (CEO of K2Ai) on 13/04/2020 under SSIP. About 50 participants took the benefit of this wonderful seminar.

Overview of Program:

This program was conducted by Mr. Utpal Patel. He started with explaining basic details regarding Machine learning and then he proposed the concept of AutoML. He covered various topics in this webinar like Basics machine learning, What is AutoML?, How it works? And Importance of AutoML. The explanation was given with practical implementation also.
